## ***More expertise. More selection.***

Nobody knows disposables and packaging like Perkins. The industry leader for over 40 years, we're experts at bringing innovative, effective solutions to the table. Looking to enhance your current to-go program? No problem. We've got new solutions that keep food looking and tasting fresher than ever before. Want to create a new profit center with take-out? We'll get you up and running right away. And for those striving to satisfy environmentally conscious customers, we've got a complete array of products that will make you feel great about going green.

***"From helping us source more sustainable packaging, to aiding us in developing healthier and less toxic cleaning supplies, Perkins takes the initiative in supporting our corporate goals. Recently, they helped us find a manufacturer of certified-compostable foodservice containers. As a result, we're delivering these highly desired containers to our customers."***

"The owner of a popular seafood restaurant was looking for a better takeout solution for his fried foods. He had been using wax paper, plates and bags. We suggested a total revamp. Now, he uses a custom printed box that absorbs steam, holds the heat and maintains the food's integrity. We also designed a custom handle bag that fits different sized boxes. The feedback from his customers has been tremendous."
