More smart solutions, front to back.

Whatever the project, whatever the size, Perkins provides you with the smartest foodservice equipment and supply solutions. With the region's largest variety of top-branded, on-trend items and a comprehensive in-stock selection, we can easily accommodate every area of your operation – from flatware to furniture, to entire kitchens and dining rooms.

- Smallwares
- Tabletop items
- Furniture
- Foodservice equipment
- Warewashing equipment

More great services. More convenience.

To complement our outstanding selection, Perkins assigns you a dedicated sales expert to answer questions and help narrow your choices. We also invite you to visit our beautifully appointed showroom and touch and feel the items you're considering. And the convenience doesn't stop there. Once you've chosen your items, we provide in-house design, delivery, set-up and installation services, plus follow-up support that ensures all your new products and processes integrate seamlessly into your operation.

"After renovating my establishment to create a fun new look, I realized I needed china to match. Perkins presented me with samples from two Oneida collections. The colors and shapes fit perfectly with the new décor and helped me create a more upscale presentation of my menu items. As a result, I was able to increase prices by 10%."

*Ken Mosher, Owner
Red Rock Bar
and Grill*

More expertise.

Exceptional in-house expertise allows Perkins to provide a level of service you just won't find elsewhere. Need help creating or altering your kitchen? No problem. Our award-winning designers ensure your space functions beautifully. Want help managing the details? Our seasoned project managers stay on top of it all. Finally, our Servsafe-educated sales force provides ongoing training that is personalized, professional and pertinent to your operation.

For more information on Perkins foodservice equipment dealership products and services, call 800-733-5708 or visit www.perkins1.com

"A customer approached us looking for help designing her new café. Working with her architect, we developed a vision and a plan. Through numerous rounds of changes, we made sure we stayed on top of the project by remaining both flexible and accurate. As a result, the owner has a beautiful, highly efficient space. And, we have a happy and loyal customer."

Kevin Sullivan, Senior Design Engineer
