OUR PEOPLE DELIVER MORE®

Warewash & Laundry

Ready to Use Cleaners and Sanitizers

ENCAPSULATED presoakplus

More confidence. More convenience

As the Northeast's premier service organization, Perkins takes the worry out of warewashing and laundering. Whether you need emergency service at midnight on a Saturday, help solving a difficult laundry challenge or advice on automated chemical dispensing systems, you can rest assured. Our warewash and laundry professionals make it their mission to make a great impression on your customers – with dishes and glassware that sparkle and linens that are crisp, fresh and clean.

"Our dishwasher broke down. After another repair service failed to get us up and running four times, a Perkins warewash and laundry professional came in and stayed until the job was done right. Perkins now has our business."

*Joel Mantel, Executive Chef
East Bay Grille*

For our customers, scheduled preventative service calls keep many equipment failures from ever even happening. However, when problems do occur, we're there for you, with expert 24-hour emergency service. Plus, our fleet of 28 service vans, and a fully stocked parts warehouse means we'll likely have the dish machine parts and dispensing parts you need on hand. Here, you'll have plenty of confidence and convenience, and no additional customer service charges.

**More smart solutions.
More expertise.**

For the smartest, most innovative solutions to your warewashing and laundering challenges, count on Perkins. Our chemical specialists not only offer advice on the latest cleaning systems and products; they also provide top-notch training for employees. Need help with equipment? No problem. We can help you design and install entire dish rooms. At Perkins, we always make sure you get the smartest solutions backed by the industry's most exceptional service.

For more information on Perkins warewash & laundry services, call 800-733-5708 or visit www.perkins1.com

"A popular Nantucket club was getting large holes in their linens. We surveyed the laundry process and found that the customer was adding bleach and neutralizer at the same time, causing a damaging chemical reaction. We presented the findings to the customer and got the go-ahead to install a new chemical dispensing system, coupled with revised laundry formulas. Not only did we eliminate the holes, the linens are cleaner than ever."

Rich Penney, Warewash & Laundry Divisional Manager
